

This is Marist

HISTORY & MISSION OF MARIST COLLEGE

The Marist mission is to educate men and women who have the intellect and character required for enlightened, ethical and productive lives in the global community of the 21st century. These goals derive from the Marist Brothers, a teaching order that originated in France in 1817, settled in Poughkeepsie in 1905, and established the Marist Normal Training School in 1929. The school evolved into an independent four-year liberal arts college, receiving its charter from New York State in 1946.

The Marist Brothers' ideals of commitment to excellence in education, the importance of community, and dedication to service remain an integral part of the College's mission.

VISION STATEMENT

The Marist ideal of excellence in education is achieved through an emphasis on quality teaching and distinctive learning opportunities. At the undergraduate level, this begins with a firm foundation in the liberal arts and sciences. Through core courses and their major, students are educated to think logically and creatively, to synthesize and integrate methods and insights from a variety of disciplines, and to express their opinions both orally and in writing. Students are encouraged to consider the ethical dimensions of the subjects they study, and to become more aware of their own values and the value implications of the choices they make. They are also exposed to cultures other than their own through on-campus programs and study abroad.

Marist has a long history of serving the needs of adult learners, offering graduate and undergraduate programs that are built on a strong liberal arts foundation and meet the same high standards as Marist's traditional programs. Marist allows these students to balance their education with work and family responsibilities by offering flexible scheduling, degree completion, online programs and satellite campuses.

Marist seeks to distinguish itself by the way it uses information technology to support teaching, learning, and scholarship. By familiarizing students with advanced technologies, Marist helps them become better prepared to be productive members of society and lifelong learners.

The Marist ideal of community is based on the belief that the College becomes a better institution through the involvement of faculty, staff, students, and alumni. Marist strives to be a diverse community, but also one united by a shared commitment to the free exchange of ideas, consideration of the opinions of others, and civility in all interactions.

Marist believes in the dignity of every human being and is committed to the principle of service. The College conducts programs for the disadvantaged, a wide variety of programs that meet community needs, and programs that broaden access to education. Students, faculty, staff, and alumni are encouraged to make service an important part of their lives.

MARIST COLLEGE DISTINCTIONS

Marist is a comprehensive institution with its 180-acre main campus in the Hudson River Valley in New York, a branch campus in Florence, Italy, extension centers throughout New York, and educational offerings around the world through its online programs. Marist is distinguished by high-quality faculty, innovative program offerings, a beautiful riverfront campus, and a technological platform that is comparable to those of the best research universities in the world.

- The Campaign for Marist, the College's first comprehensive fund-raising campaign, reached its \$150 million goal ahead of schedule. This success has already resulted in a new academic building, new and expanded endowed scholarship funds, renovated and expanded athletic facilities, restoration of the historic Cornell Boathouse, and new endowed funding for faculty chairs and academic and research programs, among other impacts. As Marist works to exceed the campaign's goal, additional resources will be made available for scholarships, student research and new academic centers of excellence.
- The \$35 million Hancock Center, houses the School of Computer Science & Mathematics, a National Science Foundation-funded enterprise computing laboratory, Marist International Programs, the Marist Institute for Public Opinion (MIPO), and other academic programs, as well as space for collaborative research and small-business incubation.
- A \$75 million gift from Raymond A. Rich, one of the 20th century's leading businessmen and industrialists, has established the Raymond A. Rich Institute for Leadership Development at Marist College.
- Kiplinger's Personal Finance placed Marist 38th in its annual rankings of the best values in private college and universities. For the tenth year in a row, Marist is one of the nation's best institutions for undergraduate education, according to The Princeton Review. Marist is included in "The Best 377 Colleges," the new 2013 edition of The Princeton Review's annual guide. Only about 15 percent of America's 2,500 four-year colleges, and three colleges outside the U.S., are included in the book. Marist is ranked 12th out of 183 colleges and universities in the northern U.S. by U.S. News & World Report, which also lists Marist's online M.B.A. and B.A./B.S. in liberal studies in its first Top Online Education Program rankings.
- Marist enrolls 4,536 traditional-age undergraduate students, 569 adult undergraduate students, and 872 full- and part-time graduate students. The College offers 43 bachelor's degree programs and 12 master's degree programs including a hybrid M.A. in educational psychology and online programs leading to the M.B.A., M.P.A., M.S. in information systems, M.S. in technology management, M.A. in integrated marketing communication and M.A. in communication.
- Marist partners with Istituto Lorenzo de' Medici (LdM) to offer a four-year U.S. bachelor's degree program in Florence, Italy. The program, open to qualified students from around the world, offers degrees in the Italian language, fashion design, interior design, studio art, art history, digital media, and conservation studies. Marist-LdM also offers an M.A. in museum studies.
- Marist's longtime research partnership with the IBM Corporation has brought the College an advanced technology infrastructure unrivaled by most colleges in the country.
- Marist is one of only six colleges and universities nationwide affiliated with a presidential library, the Franklin D. Roosevelt Library, and serves as the host site of the Franklin D. Roosevelt Digital Archives (www.fdrlibrary.marist.edu).
- The Marist Institute for Public Opinion, founded in 1978, is one of the nation's premier survey research centers. MIPO and NBC News launched a very successful polling partnership, the NBC News/Marist Poll, for the hotly contested 2012 Republican primary.
- Marist is home to the Hudson River Valley Institute (HRVI), a nationally recognized history and regional studies center that promotes a greater understanding of the unique history, literature, landscape, art, and culture of the Hudson River Valley region. HRVI's accomplishments were recently recognized by the National Endowment for the Humanities, which awarded it a highly competitive Challenge Grant.

Marist is a partner of the Sakai Foundation, an initiative founded to create open-source software for higher education by institutions including the University of Michigan, Indiana University, the Massachusetts Institute of Technology, and Stanford University.

RED FOXES

WHY THE RED FOXES

A 1961 meeting marked both the birth of the Marist College basketball team and the adoption of 'Red Foxes' as the official nickname and mascot. Athletic Director Brother William Murphy, decided to organize a varsity basketball team to play scheduled games against other schools and thought a nickname and logo would be appropriate.

While glancing at a sports catalog, Br. Murphy noticed a reynard, more commonly known as a red fox, on the cover of the book. He decided this furry little creature, indigenous to the Hudson Valley, was to become the mascot and logo of all Marist College teams.

The reynard comes from a great medieval cycle of stories that originated in the Low Countries, northern France and western Germany. The rarity of the word prompted Br. Murphy to choose the general term 'Red Foxes.'

THE COLLEGE SEAL

The circular monogram represents the official seal of Marist College. The date 1929 marks the year in which Marist College received its first charter as an accredited Academic Institution. The large 'M' in the center is the traditional symbol of the Marist brothers. The 12 stars, which appear about the 'M', are a scriptural symbol of the Blessed Virgin, to whom the Marist Brothers are devoted. The Latin inscription within the seal "Orare et Laborare," may be translated "to pray and to work," the original motto of the college.

THE COAT OF ARMS

The emblem pictured is the Marist College Coat of Arms. On either side of the shield stands the official College mascot, the Red Fox, chosen for its keen intelligence and ingenuity. The red and white College colors are derived from the coloration for the fox. The Red Fox is also pictured in the College ring.

In the left quadrant of the shield appears the traditional Marist bell, originally used to regulate the lives of the brothers. The Indian seen in the right-hand quadrant of the shield is taken from the seal of the town of Poughkeepsie (from the Mohegan word 'apo-keep-sinck', a safe, pleasant harbor. The lower half represents the liberal arts. The nucleus of the atom stands for the sciences, while the open book and crossed quills represents the humanities. Atop the shield is the official Marist Brothers emblem. At the bottom is a scroll with the Latin words 'Cum Optimis Litigare', which translated, means 'To strive with the best.'

Marist College Fight Song

Lyrics and Music by
Art Himmelberger

*(Shout) — M-A-R — I-S-T,
MARIST, COLLEGE to victory!*

(music interlude)

1st Verse:

*Marist, College, Let the bells ring.
Honor, Glory, Your Praises We Sing.
We're here with banners fly-ing!
Our shouts of victory cry-ing!
Rah! — Rah! — Rah!*

*Alma, Mater, We love you dear.
Conquering, Heroes,
We're here to cheer.*

*We have no fear for Marist College,
We'll fight on to Victory.*

2nd Verse: (Fun Words)

*Marist, Foxes, We're on the run.
Up hill, down hill, having much fun.*

*We lure our every foe,
Into the Red Fox hole.
Rah! — Rah! — Rah!*

*Scratch them, tear them,
rip them a part.
Offense, Defense —
right from the start,*

*We have no fear for our Red Foxes,
They'll fight on to Victory.*

MARIST ALUMNI

Just over a century ago, the Marist Brothers came to New York's Hudson River Valley to train young men to continue the Brothers' vocation as great educators. What started as a seminary for the training of future Marist Brothers has developed into one of the leading independent comprehensive liberal arts colleges in the country.

Today, more than 31,000 alumni and alumnae call Marist alma mater. Marist has a proud tradition that laid the foundation for a state-of-the-art campus for students preparing to enter the work force of the 21st century.

- Patrick Lavelle '73** — President/CEO, VOXX International Corporation
- Christopher McCann '83** — President, 1-800-FLOWERS.COM
- Ken Menard '98** — Producer, Longhorn Network/ESPN
- Paul Murnane '84** — Reporter, WCBS Radio
- Paul Palmer '84** — Producer, "Outside the Lines", ESPN
- Brandon Tierney '96** — Co-Host, Morning Drive, CBS Sports Radio, Emmy Award Winner
- Mayor John C. Tkazyik '03** — City of Poughkeepsie Mayor

RICH INSTITUTE for Leadership Development

LARGEST GIFT IN MARIST HISTORY ESTABLISHES LEADERSHIP INSTITUTE

Raymond A. Rich bequeathed to Marist a 60-acre riverfront estate in the Ulster County Town of Esopus that contains one of the most historically and architecturally significant homes in the Hudson River Valley. The "Payne Mansion," also known over the years as "Omega" and "Wiltwick," is a 42,000-square-foot Beaux Arts-style palazzo designed by the famed Manhattan firm of Carrère and Hastings, architects of the New York Public Library and the Frick Museum. It was built in 1905 by Colonel Oliver Hazard Payne, a brigadier general in the Civil War who founded an oil refinery that was later bought by John D. Rockefeller's Standard Oil Co., where Payne went on to serve as treasurer. The firm of Robert A.M. Stern, dean of the Yale School of Architecture, whose firm designed Marist's Hancock Center now under construction, believes a residence of this significance and style would have a replacement value conservatively estimated at approximately \$65 million.

In addition, Mr. Rich has designated approximately \$10 million for an endowment to support the Raymond A. Rich Institute for Leadership Development, which will be housed at the Esopus estate.

The Raymond A. Rich Institute will focus on developing the communication, interpersonal, and social skills necessary to lead complex organizations in a global setting. It will accomplish this in a framework that emphasizes the values and integrity found in successful leaders. Speakers, conferences, and workshops will encourage potential leaders to become better at motivating others through consideration and persuasion, and to foster dedication to a better social and economic environment.

"When Ray first started thinking about a leadership training legacy in his estate a few years ago, he wanted it to have a special niche, focused on people's perceptions - voice, body language, presentation, etc. as an integral part of expressing integrity, sensitivity, relationships, first impressions, lasting trustfulness, and respect for others," said Claire Carlson, Mr. Rich's long-time companion and confidante and the executrix of the estate.

Following the purchase of the Payne Mansion from the Marist Brothers in 1986, Mr. Rich and Ms. Carlson were introduced to Marist College President Dennis J. Murray. "It didn't take Ray long to realize that Dennis and Marist College were the ideal conduit for his personal quest to ignite his leadership concept. Ray believed ethics, values, humility and thoughtfulness must be inherent in leadership training as primary elements. Marist College has ethics and philosophy as required courses in its curriculum. Not many colleges do," said Ms. Carlson.

Raymond A. Rich

Raymond A. Rich was born in Los Angeles, California, in 1912, the son of Arthur and Lucy Baker Rich. He was raised in Des Moines, Iowa, and started his career by hiring on to a tramp freighter for a job in the engine room at age 18. After receiving a double engineering degree from Iowa State University, he was hired in the midst of the Great Depression by General Electric Co. and became its youngest national sales manager at that time. He was awarded the rare "E Award" for overseeing GE's multiple war production plant facilities.

Mr. Rich then was asked to lead the federal Northeast District for the Council for Economic Development. He volunteered for active duty in World War II in the Navy and Marines, serving in the South Pacific Islands and in Tokyo after the Japanese surrender. He received numerous decorations for his distinguished service. After the war, Mr. Rich became vice president and director of Philco Corp. and then accepted the presidency and directorship of Avco Corp. From there his career escalated, and he went on to hold multiple, simultaneous CEO and chairman positions in numerous companies.

A New ACADEMIC BUILDING and STUDENT CENTER Renovation

Construction of a new academic building and the accompanying expansion and renovation of the Student Center present a number of exciting leadership giving opportunities to advance higher education at Marist. These projects promise to become signature features of what is already one of the most beautiful campuses in the nation.

This \$30 million endeavor, slated for completion in fall 2013, will provide a fitting home for Marist's robust Music Department as well as multipurpose space ideal for performances, readings, and lectures. The three-level, 23,000-square-foot structure will adjoin the east side of the Student Center. Its exterior will reflect Hudson Valley modern Gothic style in red brick and grey stone, reminiscent of the College's historic properties Greystone, St. Peter's, and the Kieran Gatehouse. This will be a key building at the heart of the campus — a landmark opportunity completing a major goal in our master planning process that has been overseen by two of the premier architectural firms in the world.

The esteemed firm of Robert A. M. Stern Architects, whose founder is dean of the Yale School of Architecture and who designed Marist's Hancock Center, is leading the project. This firm has been selected as a Campus Master Plan Architect, updating our last Master Plan established by Skidmore Owings and Merrill.

A Renovated and Expanded Student Center

One of the initiatives in Marist's Strategic Plan 2011–2016 is to create more collaborative spaces and promote collaborative work among students, faculty, and staff. Another initiative calls for Marist to develop and provide for uses of space that promote creativity, diverse ideas, and collaboration. It's also part of Marist's mission to improve college life for adult students by allocating additional space and resources for programming and student interaction. In the coming year, the Student Center will undergo an extraordinary transformation that will help Marist fulfill these initiatives. This renovation and expansion also will bring the center to the level of quality of other, newer buildings on campus.

Facilities within the Student Center include multipurpose rooms used for classes, meetings, and events, the 330-seat Nelly Goletti Theatre (which is already funded to undergo a renovation), the Performing Arts Room, dining services, the Health and Wellness Center, student lounges, Student Government offices, the student radio station, the campus post office, and a Barnes and Noble bookstore.

Marist's original Student Center, a 66,000-square-foot, three-story structure, was completed in 1976. At that time, Marist had only about 1,100 full-time students. In 1994, a major renovation and expansion added 63,000 square feet. Enrollment consisted of 3,100 undergraduates and 1,200 graduate and adult students, and students had more than 60 clubs and organizations.

Today, the need for space for clubs and organizations to hold meetings and activities is acute. More than 5,300 students attend class on Marist's Poughkeepsie campus, and there are more than 80 student clubs and organizations.

At A Glance - Marist Student Center

THIS IS POUGHKEEPSIE

POUGHKEEPSIE, N.Y.

Known as the Queen City of the Hudson Valley, Poughkeepsie is nestled on the east bank of the Hudson River halfway between New York City and Albany, the state capital. Founded in 1687, Poughkeepsie is the county seat of Dutchess County and home to a number of historical sites.

Located just 75 miles north of midtown Manhattan, Poughkeepsie is home to over 42,000 people and serves as a regional center of the arts, entertainment, higher education, health care, transportation, business and government. A town rich in culture and steeped in history, the inspired ideas and works of Alexander Hamilton, Matthew Vassar, Franklin D. Roosevelt and many others are alive in the spirit of Poughkeepsie situated on the scenic Hudson River.

Settled in the late 1600s by the Dutch, Poughkeepsie was first organized as a town in 1788. It was in this year that the U.S. Constitution was officially ratified there by the state of New York, as Poughkeepsie was serving at that time as the temporary state capital. In 1799, the city of Poughkeepsie was taken off the town of the same name and organized separately as a village, later to become incorporated (in 1854) as a city.

The city's name is derived from the phonetic translation of an Algonquian Indian term variously interpreted as meaning "waterfall," "pleasant harbor," or "campsite by small water." In addition to Marist College, the Town of Poughkeepsie is home to Vassar College and Dutchess Community College.

Arts and Culture in the Poughkeepsie Area

In the early to mid-20th century, famous families such as the Astors, Rogers, and Vanderbilts built seasonal retreats in the Poughkeepsie area, many of which today are open to the public as historic sites. Located in Poughkeepsie are the Locust Grove, former home of inventor Samuel F. B. Morse, and Clinton House, named for George Clinton, New York's first governor. The Bardavon 1869 Opera House is another historical attraction, and is the oldest continually running entertainment venue in New York State. Nearby Hyde Park is home to the Franklin D. Roosevelt National Historic Site, the Eleanor Roosevelt National Historic Site, and the Vanderbilt Mansion.

Cultural Sites Located in Poughkeepsie

- Locust Grove (former home of inventor Samuel F. B. Morse)
- Clinton House (named for George Clinton, New York's first governor)
- Bardavon Opera House: Home of the Hudson Valley Philharmonic
- Glebe House: A 1767 house restored to represent a late 18th-century home
- Maple Grove: Built in 1850 by banker Charles Al Macy
- Poughkeepsie Post Office: A National Historic Landmark
- Frances Lehman Loeb Art Museum: Located at Vassar College
- Springside National Historic Site
- Mill Street Loft
- Barrett Art Center

99

MAAC Tournament Championships

28

Commissioner's Cups

43

NCAA Tournament Appearances

10

NCAA Tournament Victories

The Metro Atlantic Athletic Conference Commissioner's Cup is awarded annually as a symbol of overall excellence in athletics in the 24 championship athletic events conducted within the MAAC. Each institution is scored in all championships that it fields a varsity team. However, only the scores from the men's and women's basketball participation, plus the other top six men's and other top six women's championships shall be used to determine an institution's total points.

In the 2012-13 school year, Marist swept the overall, men's and women's MAAC Commissioner's Cups for the fifth time in its history after previously having accomplished the feat in 2000-01, 2004-05, 2005-06 and 2006-07. Marist has now won a conference record 11 overall Commissioner's Cups.

Marist continued its rich championship tradition this past year, earning MAAC championships in women's swimming and diving, women's basketball, men's crew, women's crew, men's tennis, women's tennis and softball. The Red Foxes joined the MAAC in the 1997-98 school year, and have amassed 99 MAAC Tournament championships, 43 NCAA Tournament appearances and 10 victories in NCAA Tournament play. Women's basketball has five of these triumphs (two in 2007; one in 2008, 2011, and 2012) to go along with three for baseball (one victory apiece in 2000, 2001 and 2002) and two for water polo (one apiece in 2009 and 2010).

Men's Crew

- 15 MAAC championships
- 12 straight titles

Women's Crew

- 10 MAAC championships
- First NCAA Tournament appearance

Softball

- Two MAAC championships

Women's Tennis

- Four MAAC championships

Women's Swimming and Diving

- 14 MAAC championships
- Four straight titles

Men's Tennis

- 10 MAAC championships

Women's Basketball

- Nine MAAC championships
- Eight straight titles

The MAAC Commissioner's Cup is awarded annually as a symbol of overall excellence in athletics in the 24 championship athletic events conducted within the MAAC. Here is a list of the Commissioner's Cups the Red Foxes have won since joining the MAAC in the 1997-98 season:

higher education. He has served on the American Council on Education's Commission on International Education and Commission on Leadership Development. He also was a member of the board of the Commission on Independent Colleges and Universities. He served four years as an alumni representative to the board of trustees of the California State University and Colleges.

Dr. Murray is the editor of three books in the field of government and public affairs and is the author of two books on non-profit management, *How to Evaluate your Fund-Raising Program* and *The Guaranteed Fund-Raising System*, which have been used in more than 3,500 organizations throughout the United States and Canada.

Dr. Murray is an active member of the civic community. In 2011, Governor Andrew Cuomo appointed him as Co-Chair of the Mid-Hudson Regional Economic Development Council and as a member of the statewide Chairman's Council to help New York State become more competitive. He serves on the Board of Directors of the Roosevelt Institute and is chair of its Presidential Library Committee; as such, he is a Trustee of the Franklin D. Roosevelt Presidential Library. Dr. Murray is also a board member of the Greenway Conservancy for the Hudson River Valley, which oversees the Hudson River Valley National Heritage Area. Dr. Murray was on the Vassar Brothers Hospital board for more than 18 years, and served as chairman of its foundation board. He previously was a member of the boards of the Bank of New York's Regional Board, United Way and American Heart Association.

Dr. Murray's significant contributions to the fields of education and community service have been recognized with numerous awards, including the Franciscan Award from the Sisters of St. Francis, the Americanism Award from the Anti-Defamation League, and the Family of the Year Award from Family Services.

In 1996, he received the Eleanor Roosevelt Val-Kill Medal at a ceremony which also honored Queen Noor of Jordan, Lea Rabin of Israel, and former Marist Trustee Frances Reese, the founder of the environmental movement in America. Other past recipients of the Val-Kill Medal include Hillary Clinton, Michael Bloomberg, and Robert Kennedy, Jr. Hudson Valley magazine described Dr. Murray as one of the 35 most influential people in the history of the region.

A native Californian, Dr. Murray received a bachelor's degree in political science from California State University, Long Beach and his master's degree and Ph.D. in public policy and administration from the University of Southern California's School of International and Public Affairs. Prior to his appointment at Marist, Dr. Murray taught at the USC School of International and Public Affairs, and served as Director of University Relations and Executive Assistant to the President at California State University, Long Beach and as Vice President for Development at Whittier College.

Dr. Murray and his wife, Marilyn, have two children, Marian and Michael.

Dr. Murray and his wife, Marilyn

Dr. Dennis J. Murray was appointed President and Professor of Public Policy at Marist College in 1979 and is one of the longest-serving and most accomplished presidents in the United States. During Dr. Murray's tenure, the College has quadrupled enrollments while becoming highly selective in admissions and establishing many new academic programs, including a branch campus in Florence, Italy. The campus has gone from 60 to 230 acres, and virtually all of Marist's 50 buildings have been constructed or renovated. More than \$400 million has been invested in the campus, including new academic buildings, new student residences, a new Student Center, a sports stadium, and a state-of-the-art digital library. Marist is currently completing a new multipurpose academic building and renovating the Student Center. At the end of 2012, the College completed a highly successful \$150 million capital campaign.

Dr. Murray has also forged numerous community and corporate relationships that have greatly benefited the College. Early in his tenure at Marist, he recognized the important role that information technology would play in enhancing the teaching and learning process. Thanks to a longtime partnership with the IBM Corporation, Marist has become one of the nation's most technologically advanced liberal arts colleges. Today, this sophisticated computing environment is helping Marist students gain the knowledge and skills they will need to be competitive in the 21st century.

Marist is increasingly recognized as a national leader in higher education. The Princeton Review and Forbes named Marist one of the 25 "Most Connected Campuses" in America, alongside Cornell, MIT, and the University of Pennsylvania. The College was also selected by the John Templeton Foundation as one of the nation's leading colleges to encourage character development. Marist is ranked among The Princeton Review's Best 378 Colleges in the country, and U.S. News & World Report ranked Marist in the top tier of colleges and universities in the northeast. In addition, the College's AACSB-accredited School of Management was listed among The Best 296 Business Schools by The Princeton Review.

A nationally recognized educator and administrator, Dr. Murray served as an advisor to the NBC television network and hosted a nationally broadcast series on

The improvement of facilities has also included upgrades to the boathouse and waterfront as well as the softball complex on the north end of campus. In August 1997, the doors were opened to the McCann Expansion, a \$3 million, 20,000-square foot expansion project that houses a premiere 7,000-square foot weight training facility and cardiovascular center.

Additionally, Murray oversaw the renovation of the McCann Center, dedicating the Coaches Complex that includes office space for 23 varsity programs. In 2001, the Dr. Michael J. Maynard Center for Sports Medicine and the Center for Student-Athlete Enhancement were added to the McCann Center. The state-of-the-art sports medicine facility boasts a 1,600-square foot treatment room for rehabilitation and treatment and an added tape room to provide for the first-class treatment of Marist student-athletes. The Center for Student-Athlete Enhancement has provided study carousels, meeting and private tutoring rooms, and state of the art computer technology needed for student-athletes to succeed in the challenging Marist curriculum.

A hallmark of Murray's administration is his commitment to hosting conference championships. In his tenure, Marist has hosted the Metro Atlantic Athletic Conference Championships in swimming and diving, baseball, softball, men's and women's soccer, men's and women's lacrosse, and women's water polo. Murray's devotion to the betterment of collegiate athletics is evident by his involvement in various committees. He served one term on the NCAA Division I Football Championship Subdivision Eastern Advisory Committee and NCAA Peer Review Committee, and was a member of the NCAA Championship Cabinet from 2001-05. Currently, Murray sits on the Baseball Eastern Advisory Committee and is the chair of the MAAC Awards Committee and MAAC

Women's Basketball Committee. He previously served as chair of the MAAC Committee on Athletic Administration, and is presently a member of the MAAC Gender Equity Committee and MAAC Marketing Committee. He also was chair of the Marist College annual fund in 2006 and 2007.

An active member of the Hudson River Valley community, Murray is on the Board of Directors of the Mid-Hudson Civic Center and the New Horizons Foundation. Murray began his association with Marist

in 1986, when he served as an assistant coach on the men's basketball staff for three seasons and helped guide the Red Foxes to an NCAA berth in 1987. He left Marist for six years to serve as Associate Director of Athletics at Iona College.

Murray received his master's degree in Sports Management from St. Thomas University (Fla.), and a degree in Health and Physical Education from East Stroudsburg University in 1985.

A native of Bridgewater, N.J., Murray and his wife, Barbara, make their home in Poughkeepsie with their daughters, Katherine and Lauren, and son, Owen.

Tim Murray was hired as Director of Athletics at Marist College on Feb. 17, 1995. His athletic paradigm of commitment, leadership, integrity, discipline and accountability has proven to be a model for unprecedented success and growth for Marist athletics during his tenure.

Under Murray's direction, Marist athletics has undergone exceptional growth and achievement since joining the Metro Atlantic Athletic Conference in 1997, becoming one of the most competitive programs in the MAAC. In the 2010-11 school year, Marist captured its 10th overall Commissioner's Cup, which is awarded as a symbol of overall excellence in athletics. That total is the most of any school in conference history. The Red Foxes are the only school in conference history to win four consecutive MAAC Commissioner's Cups, while capturing 25 overall Commissioner's Cups since Murray began at his post. In addition, Murray has increased the varsity sports from 20 to 23, adding women's soccer, women's lacrosse and women's water polo.

Murray has overseen the improvement of athletic facilities all over the Marist campus in recent years. In the fall of 2011, extensive renovations to the James J. McCann Recreation Center were completed. The newly-branded McCann Arena now features chairback seating, video boards and a new playing surface. An 11,660-square foot addition connected to the south end of the McCann Center includes new offices, locker rooms, player lounges, conference rooms, video editing rooms and a film theater. The building also received lobby and restroom renovations.

In October 2007, Tenney Stadium - the home of Marist football, men's soccer, women's soccer, men's lacrosse and women's lacrosse - opened. The stadium features the DuraSpine FieldTurf playing surface, a modern press box, locker rooms, a concession stand and unique lawn-style seating for a capacity of 5,000. The previous fall, the Marist Tennis Pavilion opened on the East Campus. The facility includes eight courts which have the Deco II playing surface.

ADMINISTRATION

DEBORAH DiCAPRIO Vice President/Dean for Student Affairs

On July 1, 2001, DiCaprio was named the interim Vice President/Dean for Student Affairs and was appointed Vice President/Dean for Student Affairs effective Dec. 1, 2001. As the Dean, DiCaprio oversees the Department of Athletics, Housing and Residential Life and Student Activities.

DiCaprio began her association with Marist College in 1982 when she was hired as Mentor in January of that year. Over the next three years she lived and worked in the residence halls, assisting the Marist students both academically and personally.

In 1985 she was named the Assistant Dean of Student Affairs where she continued to work on behalf of the Marist students. In 1999, upon the resignation of the Associate Dean of Student Affairs, she assumed responsibility for some of those duties. She supervised the Counseling Center, Health Services, Special Services, Campus Ministry and the Mentor Program. She also had responsibilities pertaining to the Orientation Program, Parents Weekend and the annual Junior Ring Ceremony.

DiCaprio earned her Bachelor's Degree in History from St. Bonaventure University, where she also earned her Master's Degree in Education, with a concentration in Student Personnel Services.

DiCaprio currently resides in Poughkeepsie with her husband, Joseph, and their two children, Adam and Kira.

DR. JOHN RITSCHDORFF Associate Vice President, Academic Affairs/ Dean of Academic Programs/NCAA Faculty Representative

Dr. John Ritschdorff is in his 24th year as the NCAA faculty representative for Marist athletics. In this role, Ritschdorff is responsible for monitoring the academic progress of the student-athletes, overseeing eligibility certifications, and providing support in various compliance areas. He also chairs the Standing Committee on Athletics – Marist's campus-wide advisory board to the Athletics Department.

In 2008, Dr. Ritschdorff was named to the National Collegiate Athletic Association (NCAA) Division I Leadership Council, one of the most prestigious and important bodies within the NCAA. The Division I Leadership Council is the primary advisory group on policy issues to the NCAA Board of Directors. In this role, Ritschdorff assists the Board in identifying strategic issues that will impact intercollegiate athletics, as well as issues that may require legislative solutions.

Ritschdorff also works closely with the Metro Atlantic Athletic Conference (MAAC) and serves on the conference's Strategic Planning Committee.

Ritschdorff is in his fourth decade of service at Marist, having joined the department of mathematics in 1970. He has served as Chair of the department of mathematics and computer science, Chair of the Marist faculty, Dean of the School of Computer Science and Mathematics, Dean of the School of Communication and the Arts, Assistant Academic Vice President, and Dean of Academic Programs. He currently serves as Heritage Professor of Mathematics and Associate Vice President for Academic Affairs.

Ritschdorff received his Bachelor's degree from Marist and earned his Master's degree and doctorate from New York University.

A native of New York City, Ritschdorff lives in Poughkeepsie with his wife, Joanne, and three children, Todd, Eric and Lauren.

TRAVIS TELLITOCCHI Senior Associate AD/Internal Affairs

Travis Tellitocci, a 2004 Marist graduate, is in his eighth year as a member of the Marist Athletics department. He was promoted to Senior Associate Athletics Director in September 2013 after serving the previous five years as Associate AD/Internal Affairs. In his current role, Tellitocci is responsible for the oversight of the Athletics Department's budget, Sports Information office, Marketing, Intramurals and Trademarks & Licensing.

In his two years as Assistant AD for External Affairs, Tellitocci was responsible for a number of significant changes within the department. He oversaw the Marist Athletics logo re-design and the re-launch of Marist's official athletics website, GoRedFoxes.com. Online merchandise sales increased by more than 250% with the improvement of the online store at GoRedFoxes.com. Marist won the NCAA's "Pack the House" Challenge for the Metro Atlantic Athletic Conference by recording the first sellout in the 30+ year history of the Marist women's basketball program, and was one of only six schools in the country to sell out its "Pack the House" game. Tellitocci served as liaison to the official booster club of Marist Athletics, the Red Fox Club, when the club set a record high for membership in the 2006-07 season, and then established its highest membership total in its 27-year history during the 2007-08 season. He also signed several new corporate partners including Verizon Wireless, JetBlue Airways, MVP Health Care and Bugaboo Creek Steak House.

Prior to his return to Marist, Tellitocci worked for the New York Mets for two years as Associate Producer for Scoreboard and Entertainment. In his role with the Mets, Tellitocci coordinated the pre-game entertainment on the field for all 81 Mets home games. In addition to his responsibilities on the field, Tellitocci oversaw Shea Stadium's 11 LED displays, out-of-town scoreboard and home run apple. He developed, produced, researched, wrote and edited in-game features for Shea Stadium's Diamondvision. Tellitocci was also involved in the development and implementation of the New York Mets comprehensive marketing campaign.

In his days as a Marist undergraduate, Tellitocci served in three different leadership positions - President, Vice President and Sports Director - for Marist College Television (MCTV). In 2004, MCTV was honored as the College's Club of the year for the first time in 12 years, and Tellitocci was presented the Adrian Award by the Student Government Association for his outstanding leadership as a club president. He held internships with the Marist Athletics Department, New York Mets and CBS Sports.

Tellitocci is a member of the National Association of Collegiate Directors of Athletics (NACDA) and the College Athletic Business Management Association (CABMA). He currently serves on Marist College's Integrated Marketing Committee and Dining Committee.

A Benwood, W.Va., native, Tellitocci and his wife, Bobbi Sue, reside in Poughkeepsie.

DARREN McCORMACK Associate AD/Facilities & Operations

Darren McCormack returned to Marist in August 2007 for his second stint as Assistant Athletics Director for Facilities & Operations. For the 2010-11 school year, he was promoted to Associate AD.

McCormack previously worked at Saint Peter's College as Associate AD for Business from 2001 until 2007. Before that, he had worked at Marist for four years. In 1997, McCormack was hired as the Coordinator of Athletic Facilities. The following year, he was he was promoted to Assistant AD for Facilities before being named Assistant AD for Internal Affairs in 2000.

McCormack earned his Bachelor's from Villanova University in 1992. He then served as a Volunteer Assistant Cross Country and Track & Field coach at Fairleigh Dickinson University. McCormack then was an Athletic Administration Graduate Assistant at Saint Peter's, where he earned his Master's in 1996.

McCormack is a member of the Sports Turf Managers Association, Sports Field Managers of New Jersey, College Athletic Business Managers Association, and was briefly the President of the Collegiate Athletic Administrators of New Jersey.

McCormack and his wife, Elise Pattison, reside in Poughkeepsie.

ELIZABETH DONOHUE Associate AD/Senior Woman Administrator

Elizabeth Donohue is in her fourth year as Associate AD/Senior Woman Administrator. She had spent the previous five years as Marist's Assistant AD/Senior Woman Administrator after serving three years as the Director of Academic Advisement for Student-Athletes.

She is in her 14th year as part of the Marist Athletics family, also serving as a sports information assistant and compliance assistant, before assuming her current role which involves overseeing Marist's compliance office.

Donohue is an active member of several committees, including the college's Strategic Planning Committee, as well as serving on the NCAA Steering Committee for Athletic Certification. She currently serves as the chairperson for the MAAC Water Polo committee, and is also a member of the NCAA Division I Cross Country/Track & Field committee.

During the 2009-10 academic year, Donohue served as the Vice Chairperson of the Metro Atlantic Athletic Conference Committee on Athletic Administration. She was selected to participate in Marist's Professional Women's Mentor pilot program during the Spring 2009 semester.

Prior to her current post, Donohue was oversaw the Center for Student-Athlete Enhancement, coordinated the Faculty Mentor program and was the academic liaison between the Department of Athletics and the Academic School and Administrative Offices. Donohue began her tenure at Marist in August 2000 when she was hired as an Assistant Sports Information Director. In July 2001, Donohue accepted the position of Compliance Assistant, working under the direction of the Senior Woman Administrator.

She holds memberships in four professional organizations: the American Counseling Association (ACA), the New York State School Counselor Association (NYSSCA), the National Association of Athletics Compliance Coordinators (NAACC) and the National Association of Collegiate Women's Athletic Administrators (NACWAA).

A 1997 magna cum laude graduate of Muhlenberg College with a Bachelor's Degree in Psychology and a minor in Business, Donohue received the Carl Grothehen, Jr. Award for Excellence in Psychology. She then went on to attain a Master's degree in counseling and development from Long Island University at West Point in June 2009, concentrating in school counseling.

Donohue currently resides in Poughkeepsie.

AMANDA ROGERSON Business Manager

Amanda Rogerson is in her first full year as Business Manager.

Rogerson was appointed Interim Business Manager in December 2012. For the previous nine months, she had served as Compliance Assistant, where she handled general compliance issues and monthly paperwork.

Rogerson, who earned her undergraduate degree in just 3 1/2 years, received her Bachelor's from Indiana University of Pennsylvania in December of 2011 and was a Dean's List honoree. In her time there, she worked in the football office. Her responsibilities included the coordination of team travel and assistance with the team's operations. She also served as secretary for head coaches Lou Tepper and Curt Cignetti.

Rogerson is currently pursuing her Master's degree in Sport Management from California University of Pennsylvania.

ANDY ALONGI Assistant Ad/External Affairs

Andy Alongi, a two-time Marist College graduate, is in his second stint within the athletics department. On Feb. 20, 2013, he was named Assistant Athletic Director for External Affairs.

Alongi had most recently served as Sports Information Director at Post University. At Post, Alongi oversaw the media relations and publicity efforts for all 17 varsity athletic programs. He ensured the accuracy of all statistical data and reports all information to the Central Atlantic Collegiate Conference (CACC) office and the Collegiate Sprint Football League (CSFL) as well as all media outlets that cover Post University. During his tenure with Post, web traffic increased significantly highlighted by increases in visits (16.09 percent), unique visitors (24.31 percent), page views (13.94 percent) and new visits (8.45 percent). Additionally, he engineered a website redesign with SIDEARM Sports. Alongi successfully promoted a pair of All-Americans, including the Northeast Region Co-Player of the Year in men's soccer. He also covered the team which advanced to the first NCAA Tournament in program history.

Prior to his time at Post, Alongi served as Assistant Sports Information Director at Marist College from 2008-12. He served as the primary media contact for men's and women's soccer, women's basketball, men's and women's tennis, softball and women's lacrosse. During his three seasons with the Red Foxes, Marist was prominently featured in the New York Times, the Associated Press and the Poughkeepsie Journal, among other sources. Specifically, the women's basketball program earned placements on SI.com, NCAA.com, ESPN.com and USAToday.com.

During his first two seasons with the Marist Athletics Department, Alongi promoted 43 student-athletes for MAAC Players of the Week awards, including 30 during the 2009-10 season. During the 2008-09 and 2009-10 seasons, 31 student-athletes garnered Academic All-District honors from ESPN The Magazine as selected by CoSIDA. Four of the All-District choices have gone on to become Academic All-Americans.

In addition to promoting student-athletes and varsity athletic programs, Alongi also started the Marist Athletics Facebook Page and the Marist Athletics Twitter handle (@MaristAthletics). In that role, he was charged with the day-to-day maintenance and up-keep of both pages.

In addition to his post at Marist, Alongi also served as an official scorer for the Hudson Valley Renegades, the Class A affiliate of the Tampa Bay Rays, during the 2009 and 2010 seasons.

While he was an undergrad, Alongi served as Co-Editor of the Sports section of The Circle, the student newspaper at Marist. Additionally, he was a member of MCTV, and the Marist College Marching Band, Pep Band and Concert Band. Alongi held was Vice President of Pep Band for a total of five semesters. He interned in the Athletic Department, and spent a summer in the New Media Department at MSG Network.

Alongi received his Master's Degree in Organizational Communication from Marist College in May 2011. He earned his Bachelor's Degree in Communications with a concentration in Sports Communications and a Business minor from Marist College in 2008.

MAAC STORY

With 11 institutions strongly bound by the sound principles of quality and integrity in academics and excellence in athletics, the Metro Atlantic Athletic Conference is in its 33rd year of competition during the 2013-2014 academic year.

The MAAC was founded in 1980 by six charter members: the U.S. Military Academy, Fairfield University, Fordham University, Iona College, Manhattan College and Saint Peter's College. Competition followed one year later in the fall of 1981 with members competing in the sports of men's cross country and men's soccer. On January 2, 1982, Army traveled to Iona for the first MAAC men's basketball game and the MAAC story had begun.

Current Conference members include: Canisius College, Fairfield University, Iona College, Manhattan College, Marist College, Monmouth University, Niagara University, Quinnipiac University, Rider University, Saint Peter's University, and Siena College. In addition, associate members include the University of Detroit Mercy in men's lacrosse; St. Francis (N.Y.) College, Villanova University, Virginia Military Institute and Wagner College are all associate members of the MAAC Women's Water Polo League. Drake University, Jacksonville University, Robert Morris University, Sacred Heart University, and Stetson University compete in women's rowing, while the University at Albany and the University of Hartford take part in women's golf competition. With the addition of field hockey to the sports lineup in the fall of 2013, the MAAC will support 25 sports and championships during the 2013-2014 academic year; in addition, the MAAC champion earns automatic qualification to the NCAA Championship in 16 sports.

The MAAC Basketball Championships return to Springfield's MassMutual Center in 2014 for the final year of a three-year stint; the championships in Springfield are co-hosted by the Naismith Memorial Basketball Hall of Fame. By having an excellent working relationship with various facilities, the MAAC has been able to attract a number of NCAA Championship events. Most recently, the MAAC and Fairfield hosted the 2013 NCAA Division I Women's Basketball Regional at Webster Bank Arena in Bridgeport, CT. The MAAC and Rider hosted the 2012 NCAA Rowing Championships at Lake Mercer in West Windsor, New Jersey and also co-hosted the 2011 NCAA Division I Wrestling Championships at the Wells Fargo Center in Philadelphia. The MAAC, Canisius College and Niagara University successfully hosted the 2010 NCAA Division I Men's Basketball Championship First and Second Rounds at the HSBC Arena in Buffalo, New York, and all three parties partnered for this same event in 2004 and 2007. The MAAC and Rider University co-hosted the 2009 NCAA Division I Women's Basketball Championship Regional at the Sovereign Bank Arena in Trenton, N.J., after recording the third highest attendance figure for the women's championship with the First and Second Rounds in 2006. The MAAC, Canisius College and Niagara University will work together for the fourth time to co-host the 2014 NCAA Division I Men's Basketball second and third rounds at the First Niagara Center in Buffalo, NY.

In June of 1995, the MAAC developed new opportunities for student-athletes as the conference announced the formation of the MAAC Men's and Women's Lacrosse Leagues. The men's league began competition in the spring of 1996, while the women's league commenced in the spring of 1997. Since their inception as associate sports leagues, both men's and women's lacrosse have come into the fold as full MAAC sports. The men's league currently consists of six MAAC schools - Canisius, Manhattan, Marist, Monmouth, Quinnipiac and Siena - and one associate member - the University of Detroit Mercy. The women's league features competition among nine MAAC institutions - Canisius, Fairfield, Iona, Manhattan, Marist, Monmouth, Niagara, Quinnipiac and Siena.

MAAC Associate Sports

In 2002, the MAAC added the MAAC Women's Water Polo League. The league is currently made up of three MAAC schools - Iona, Marist and Siena - as well as four associate members, St. Francis (N.Y.), Villanova, Virginia Military Institute and Wagner.

Sacred Heart began participation in MAAC Women's Rowing in the spring of

2008. Drake University joined the league for the 2010 MAAC Championship, while Robert Morris began competition in the spring of 2011. In 2012 Jacksonville University brought its men's and women's teams into MAAC Rowing, and Stetson University joins the league in 2014.

MAAC women's golf competition is comprised of five member schools - Fairfield, Monmouth, Niagara, Quinnipiac and Siena - and two associate members - the University at Albany and the University of Hartford.

For the first time in league history, an associate member was added in men's swimming & diving when Bryant University joined the league in the summer of 2012.

In April of 2013 the MAAC added field hockey as a sponsored sport with competition beginning in the fall of the 2013-14 academic year between four member institutions - Monmouth University, Quinnipiac University, Rider University and Siena College. In June of 2013 the MAAC added three associate members to the Field Hockey league - Bryant University, Robert Morris University, and Sacred Heart University, bringing the MAAC to seven teams, while Fairfield University will join the league starting in the 2015-16 academic year.

Academics and Athletics

The MAAC prides itself on the accomplishments of its student-athletes in the classroom, as well as on the field. Mary Beth Riley, a 1991 graduate of Canisius, was the first recipient of the NCAA Woman of the Year Award. In the fall of 1998, Erin Whalen, a member of the Iona women's rowing team, was awarded one of the nation's 32 Rhodes Scholarships for academic achievement and civic leadership. Jose Vargas, a Loyola student, was also awarded a Rhodes Scholarship in 1999.

First-class facilities are the rule with MAAC schools, as teams regularly play in top-notch arenas, such as Madison Square Garden, the Barclays Center, the MassMutual Center, the IZOD Center, First Niagara Center, Times Union Center, the Webster Bank Arena, and the Sun National Bank Center. This year, the MAAC will take the women's soccer championship to Orlando, Florida at the ESPN Wide World of Sports Complex. The 2014 MAAC Men's and Women's Golf Championships will be held at Disney's Palm Golf Course.

In the past several years, a number of the MAAC schools have also enjoyed success in NCAA Championships. MAAC schools have played in a total of 80 NIT games and 79 NCAA games. In 2013, the MAAC had a record 6 men basketball programs participate in postseason play- Iona (NCAA Championship), Niagara (NIT), Canisius, Fairfield, Loyola, and Rider (CIT). Canisius and Loyola both advanced to the Quarterfinal round, while Rider reached the second round. In 2012, the MAAC had two teams advance to the NCAA Division I Men's Basketball Championship for the first time in 16 years, with Loyola earning the league's automatic bid and Iona garnering an at-large bid. In 2007, the Marist women's basketball team advanced to the Sweet 16 before falling to the eventual National Champion, the University of Tennessee. The Red Foxes have recorded five NCAA wins since their runs in 2007.

The MAAC has also been a leader in the forefront of technology, expanding the notoriety of the league into cyberspace. In 2007, the league reached an agreement with JumpTV, Inc., now NeuLion, Inc., to design and host the MAAC web page. MAACsports.com has been a great success, providing fans with up-to-date contest results, live and on-demand video and an online merchandise store. The MAAC, in conjunction with NeuLion, launched an iPhone app in February 2011, followed by Android and iPad apps that were released during the 2011-12 academic year.

In September 2011, the conference announced the launch of MAAC.TV, the league's first broadband network. Eight schools - Canisius, Fairfield, Iona, Manhattan, Marist, Monmouth, Rider, and Saint Peter's - are currently part of the network, which broadcast over 400 live events in 2012-13.

The MAAC President for the 2013-2014 academic year is Dr. Eugene J. Cornacchia, Ph.D., the President of Saint Peter's University. The Vice-President is John J. Hurley, the President of Canisius College. John D'Argenio, Director of Athletics at Siena College, will chair the Committee on Athletic Administration, and Alison Sexton, Senior Woman Administrator at Fairfield University will serve as Vice Chair.

ACADEMICS

Intercollegiate competition is a rewarding extracurricular activity that can add a special dimension to a student's life. The student-athlete at Marist can utilize its academic support programs, with the Center for Student-Athlete Enhancement staff helping to ensure that student-athletes successfully balance their commitment of academics and athletics.

Director of the Student-Athlete Enhancement Center Alyssa Gates, Assistant Director Cammie Jones and Academic Fellow Dasha Cherkasov provide student-athletes with academic support through various means, including academic advisors, tutors, and study facilities, which help the student-athlete to not only be successful in the classroom but also prepare them to be successful long after their playing careers are complete.

Gates and her staff play a vital role in the student-athlete's career at Marist from the time that each person steps on the Hudson River Campus until each student walks at commencement, both in and out of the classroom.

The Center for Student-Athlete Enhancement provides the Marist student-athletes with a venue in which to pursue academic and life skills. The center provides 18 computers with access to research databases, as well as word processing programs. Students also have access to a group-study conference room, and individual tutorial rooms in which to study.

ACADEMIC MONITORING

The Center for Student-Athlete Enhancement Staff members work closely with student-athletes as well as faculty advisors on academic planning, study skills, goal-setting, major selection, etc. The program has two main focuses: The first is to be a valuable resource to the student-athlete for all types of collegiate information. Gates and her staff help student-athletes create a class schedule that allows each individual to maximize class participation without compromising their athletic commitments. The office also assists student-athletes to identify major and pre-professional programs that will prepare them for life in the professional world. Additionally, the Center for Student-Athlete Enhancement serves as a safety net. In this capacity, the office staff monitors student-athletes progress through the course of the semester.

Should a student-athlete begin to struggle in a class, the professional staff intervenes and helps the individual through the learning process by identifying the problem and assisting in organizing tutorials and study hall sessions to help the student better understand class material and improve their study skills. Staff of the Center for Student-Athlete Enhancement as well as Marist's National Collegiate Athletic Association (NCAA) Faculty Representative Dr. John Ritschdorff, help the student-athletes to prioritize their time so as not to be overwhelmed by the adjustment to college life. They provide assistance in helping the student-athlete to balance the rigors of academic and athletic demands.

(L-to-R): Alyssa Gates, Cammie Jones, Dasha Cherkasov and Office Assistant Theresa Beretta

Marist Vice President of Student Affairs Deb DiCaprio is an avid supporter of the program. DiCaprio sees each participant, at whatever level of competition, as a student-athlete, a person who is first and foremost a student, but who also extends and heightens his or her undergraduate experience through personal fitness and team dedication.

CHAMPS/LIFE SKILLS

In 1991, the NCAA Foundation initiated efforts to create a total development program for student-athletes. Through the collaborative efforts of the NCAA Foundation and the Division I-A Athletic Directors' Association, the CHAMPS/Life Skills Program (Challenging Athletes' Minds for Personal Success) was created (www.ncaa.org).

Marist has implemented the CHAMPS/Life Skills Program to provide student-athletes with the opportunity to experience programs that increase their academic and personal successes. The program is designed to give the student-athletes the support and skills needed to become effective citizens, inspired leaders and motivated activists after their graduation from college. The CHAMPS/Life Skills program focuses on five areas of commitment: Academic Excellence, Athletic Excellence, Personal Development, Career Development, and Community Service. To this means the Department of Athletics provides seminars on Violence Prevention, Drug & Alcohol Education, Nutrition & Eating Disorders, Career Development, a Faculty & Peer Mentor Program, and Community Service projects.

As part of the Marist College CHAMPS/Life Skills Program two student-athletes are selected by the NCAA to attend the Foundation Leadership Conference each year. The mission of the NCAA Foundation Leadership Conference is to provide student-athlete leaders with a multitude of challenging and thought-provoking activities that will enable them to become agents of change on their campuses and in their communities. As a result of participation, the student-athletes will enhance their communication skills, decision-making and problem-solving skills, critical-thinking skills, and collaborative skills.

ACADEMIC SUCCESS

- 12 straight years leading the MAAC in student-athletes named to Academic Honor Roll
- 246 student-athletes named to 2013 MAAC Academic Honor Roll
- Six CoSIDA/Capital One Academic All-District honorees in 2012-13 school year
- Two Academic All-Americans in 2012-13 school year
- The MAAC Female Student-Athlete of the Year (swimmer Kate Conard), giving Marist the female award winner for the fourth time in the last seven years.

ACADEMIC HONOREES

The following student-athletes were named Academic All-District during the 2012-13 school year:

Max Jacues
Football

Chelsea Botta
Women's Soccer

Kate Conard
Women's Swimming & Diving

Rebecca Thomas
Water Polo

Chris Vanzetta
Men's Track & Field

Joel Moss
Men's Cross Country/Track & Field

During the 2012-13 academic year, Marist had six Academic All-District selections and two Academic All-Americans. The Red Foxes have a total of 64 Academic All-District honorees in the last five years. The program, which is sponsored by Capital One and is selected by the College Sports Information Directors of America (CoSIDA), has a total of 12 categories where student-athletes can be nominated. They include:

- Men's Soccer
- Women's Soccer
- Football
- Women's Volleyball
- Men's Basketball
- Women's Basketball
- Baseball
- Softball
- Men's At-Large (Fencing, Golf, Gymnastics, Ice Hockey, Lacrosse, Rifle, Skiing, Swimming, Tennis, Volleyball, Water Polo, Wrestling)
- Women's At-Large (Bowling, Crew, Fencing, Field Hockey, Golf, Gymnastics, Ice Hockey, Lacrosse, Rifle, Skiing, Swimming, Tennis, Water Polo)
- Men's Track & Field/Cross Country
- Women's Track & Field/Cross Country

Each nominee must meet ALL of the following criteria:

- To be nominated, a student-athlete must be a starter or important reserve with at least a 3.30 cumulative grade-point average (on a 4.0 scale) at his/her current institution.
- Nominated athletes must have participated in at least 50 percent of the team's games at the position listed on the nomination form (where applicable). In baseball and softball, pitchers must have at least 10 innings pitched. Athletes who have not participated in at least 50 percent of their team's contests are not eligible.
- No student-athlete is eligible until he/she has completed one full calendar year at his/her current institution and has reached sophomore athletic eligibility.
- In the cases of transfers, graduate students and two-year college graduates, the student-athlete must have completed one full calendar year at the nominating institution to be eligible.

Marist's 17 All-Time Academic All-Americans Are:

Gregg Chodkowski
Men's Basketball, Third Team, 1995

Amanda Koldjeski
Softball, Second Team, 2000

Jenny Shanks
Women's Soccer, Second Team, 2002

David Bennett
Men's Basketball, Second Team, 2003

Viktor Sapezhnikov
Men's Tennis, First Team, 2003

Mike Rolek
Men's Track & Field/Cross Country, Third Team, 2008

Melissa Giordano

JAMES J. MCCANN CENTER

"Marist is committed to providing our student athletes opportunities of the highest caliber," Director of Athletics Tim Murray said. "This complex assists our student-athletes in achieving and maintaining a level of fitness necessary to be competitive at the highest level."

FACTS AND FIGURES

- Contains 11,000-square foot multipurpose gym with two mid-sized basketball courts, one full-sized basketball courts and one volleyball court

FITNESS CENTER

- A \$3 million, 20,000 square-foot Fitness Center was completed during the fall of 1997 during a major renovation
- Includes 9,000-square foot strength & conditioning facility

FITNESS CENTER LOWER LEVEL

- 4,300 square feet with Wynmor free weights
- Nine Husker Power Racks
- Two Olympic Lifting Platforms

FITNESS CENTER UPPER LEVEL

- 4,700 square feet
- Primarily used for cardiovascular activities
- Overlooks free weights and recreational gym areas
- Has hardwood aerobics/dance floor
- 16 pieces of Trotter-Galaleo equipment
- Over 30 cardiovascular machines
- Eight treadmills
- Six EFX Cross Tainers
- 10 bicycles
- 10 stair masters

MARIST FACILITIES

GARTLAND ATHLETIC FIELD

The Gartland Athletic Field, also known as North Field, provides striking views of the Hudson River while serving as a core practice facility for both Marist intercollegiate and club teams. Formerly the site of an amusement park, the Gartland Athletic Field is large enough to accommodate three team practices simultaneously and sees a diverse amount of activity. Events ranging from soccer and lacrosse practices to college special events and graduation week activities all occur on this multi-use field. The field is also occasionally used as a helicopter landing area for VIP guest arrivals on campus.

BOATHOUSE ROW

Without question the campus athletic facilities with the greatest amount of history in the Marist Athletics Department are the boathouses, located on campus, which sit on the banks of the Hudson River. Currently, two houses exist. The first is the original boathouse once occupied by Cornell University's crew teams during their annual training and racing at the IRA National Championship Regatta, which was held in Poughkeepsie from the late 19th century until 1949. The second boathouse is currently home to the Marist men's and women's rowing programs. The Marist boathouse, which stands on the former site of the University of California and University of Washington boathouses, is adjacent to the Cornell boathouse.

MCCANN BASEBALL FIELD

Built in 1991, the McCann Baseball Field has served as the home to Marist baseball since its dedication at the onset of the 1992 season. This venue, which brought Division I baseball to the Mid-Hudson Valley, was a project championed by longtime Marist Trustee John J. Gartland Jr. and the McCann Foundation. The field is located directly next to the James J. McCann Recreation Center on the south end of campus.

MCCANN ARENA

Built in 1977, the James J. McCann Center is called home by the Marist men's and women's basketball and women's volleyball programs. Additionally, the McCann Center's versatility makes it a highly used practice venue by many of Marist's varsity teams. The building's namesake, James J. McCann (1880-1969), was a Poughkeepsie native and a strong supporter of Marist Athletics. Generous support from his charitable trust made the building's construction possible.

MCCANN NATATORIUM

Built in 1977 through the generosity of Marist athletics supporter James J. McCann, the McCann Natatorium is one of the premier aquatic facilities in the Metro Atlantic Athletic Conference. The natatorium is home to the Marist men's and women's swimming and diving and women's water polo programs. The 265,000-gallon facility, ranging in depth from 4 feet to 13 feet, provides six 25-yard lanes and an independent diving well. The well contains two 1-meter Duraflex diving boards and one 3-meter Duraflex diving board.

SOFTBALL PARK AT GARTLAND ATHLETIC FIELD

A picturesque and breathtaking view of the Hudson River provides the dramatic backdrop for the Softball Park at Gartland Athletic Field. This jewel of an athletic venue is nestled on the north end of the Marist campus as part of the Gartland Athletic Field, and has served as the home of Marist softball since the program's inception in 1992.

TENNIS PAVILION

Completed in the fall of 2006, the Marist Tennis Pavilion provides the first on-campus home to highly successfully men's and women's tennis programs. The Marist Tennis Pavilion, located off Fulton Street on the East Campus, features eight regulation-sized courts, a center walkway and a pergola-covered spectator area. To provide the Marist tennis programs with a world-class surface, a Deco II surface was installed. Marist, the United States Military Academy and the United States Tennis Center in Queens, host site of the U.S. Open, are the only tennis venues in the area that boast a Deco II surface.

Dr. Daniel Zelazny, MD – Team Doctor

Dr. Daniel Zelazny is an Attending Orthopaedic Surgeon at Westchester Medical Center, specializing in sports medicine and orthopaedic trauma. He is also an Attending in Orthopaedic Surgery at Sound Shore Medical Center. He received his medical degree from Hahnemann University School of Medicine in Philadelphia and went on to do specialty training in Sports Medicine at the Graduate Sports Medicine and Human Performance Center in Philadelphia and Orthopaedic Trauma at Westchester Medical Center. He is the team physician for Stamford High School in Connecticut and Westlake High School in Westchester. Dr. Zelazny is a frequent lecturer on orthopaedic trauma and sports medicine. He has also co-written articles that have been published in the Journal of Neuroscience, Annals of the New York Academy of Sciences and Society of Neuroscience Abstracts.

Dr. Greg Chiaramonte, MD – Team Doctor

Dr. Gregory Chiaramonte is a distinguished orthopaedic surgeon who has served the needs of the Hudson Valley region for more than 30 years. Dr. Chiaramonte is an Attending Orthopaedic Surgeon at Vassar Brothers Medical Center in Poughkeepsie, New York. He is also an Attending in Orthopaedic Surgery at St. Francis Hospital in Poughkeepsie. He received his undergraduate degree from St. John's University and completed his medical degree at the State University of New York, Downstate Medical Center. He served as a Major in the U.S. Army in Vietnam, then completed his Residency at Kings County Hospital, New York.

Sports Medicine Facilities:

Michael J. Maynard Center for Sports Medicine

- Opened in 2001; over 2100 square feet over two rooms, more than three times the previous size
- Main Athletic Training Room; includes eight treatment tables and modalities in an electrotherapy area, three whirlpools in the hydrotherapy room, a large, open rehabilitation space, a physician's office and examination room, and offices for the staff and students
- Additional 500sqft taping and triage room directly across the hallway

Tenney Stadium Athletic Training Room

- Opened in 2008 as a brand-new satellite facility beneath the stadium grandstand
- Services home and visiting teams for football, soccer, and lacrosse
- Four treatment tables and a range of therapeutic modalities, whirlpools, rehabilitation aides, and a taping area

Marist College Student Health Center

- Marist Health Services (MHS) provides leadership and advocacy in support of a healthy Marist College community
- Staff of physicians, nurse practitioners, physician assistants, registered nurses, and clerical staff, available daily to evaluate, monitor and treat acute illness and injury
- Provides allergy immunotherapy for student-athletes and undergraduate students

Athletic Training Education Program:

- Established in 2000, and gained initial accreditation by the Committee on Accreditation of Athletic Training Education in 2004
- Students earn a Bachelor of Science degree in Athletic Training upon completion of didactic coursework and over 800 hours of clinical experience in a variety of settings, including rotations with the Sports Medicine Staff and Marist student-athletes
- Graduates will be eligible to sit for the Board of Certification exam

Program is housed in the Marist College School of Science, and is under the direction of Dr. Michael Powers, PhD, ATC, CSCS.

The Marist Athletics Department's top priority is to provide the best academic and athletic opportunities for our student-athletes, while maintaining the high standards of excellence associated with Marist College. Since 1981, the Red Fox Club has served as the official booster club for Marist Athletics, promoting and encouraging interest in the athletics program at Marist College.

SUPPORT:

The Red Fox Club generates financial support to assist in covering program expenses such as scholarships, operational costs, academic services, championship awards and recruiting efforts for all of Marist's varsity intercollegiate programs.

The Red Fox Club also sponsors the annual Senior Athletic Awards Banquet, where each qualified senior student-athlete is presented with a Marist varsity letter in recognition of his or her accomplishments. Awards for academic and athletic excellence are also presented to members of the senior class and teams honoring their outstanding achievements.

FUNDRAISING:

Representatives from the Red Fox Club's Board of Directors and the Marist Athletics Department organize fundraising events throughout the year to benefit Marist's student-athletes. From the Barbecue-on-the-Hudson, to the Tony Antenucci Memorial Golf Tournament, these annual events give Red Fox

Club members the opportunity to socialize in a festive environment within the Marist community, while raising funds to support Marist's student-athletes.

MEMBERSHIP BENEFITS:

To encourage support of Marist Athletics, Red Fox Club members receive the best men's and women's basketball tickets based on their membership level. Red Fox Club members also receive priority in the allocation of tickets for basketball games at Madison Square Garden, conference championships and NCAA championships. Priority parking privileges, pre-game and post-game receptions, suite access for football games at Tenney Stadium and additional benefits are available for members at designated membership levels.

JOIN THE RED FOX CLUB!

By joining the Red Fox Club, you are contributing to the success of our 550+ student-athletes. Help us continue building the winning tradition at Marist by becoming a part of the Red Fox Club! For more information on becoming a member of the Red Fox Club, please contact Assistant AD/External Affairs Andy Alongi at
